Special Education Transition Services, GC (SPTSGC)

2020-2021

Annual Academic Assessment Report

Results of analysis of assessment of Student Learning Outcome

Results from last year's assessment in table below

Any changes to degree/certificate planned or made on the basis of the assessment and analysis

There were no changes in the degree plan based of assessment and analysis. There were minor changes made in some courses as noted in table below.

Any changes to the assessment process made or planned.

Plan to develop post graduation assessment and employer assessment.

Academic Assessment Plan

Program Goals (3-4)

Program students will pursue an in-depth study of the transition process for students with disabilities including transition plan development, work based learning opportunities, developing skills in self-advocacy and self-determination using evidence-based practices, family engagement, collaborative program planning and evaluation.

Student Learning Outcomes (6-8)

Program objectives include the preparation of future special educators to (based on Council for Exceptional Children standards) and listed in objectives in table below.

Process for Assessing each Student Learning Outcome

Timeline for assessment and analysis

Key assessments are collected throughout coursework and analyzed by course instructor. Student knowledge of key competencies are evaluated annually by project evaluator.

Means of assessment and desired level of student achievement

Key assessments in courses are collected and evaluated during key courses across learning blocks.

Reporting of results

Evaluation conducted of student knowledge of transition competencies, engagement in collaboration, perspectives on interdisciplinary learning. These are reported at annual advisory review.
