

**Department of Health, Human Performance and Recreation  
Masters of Public Health Program**

**As of May 31, 2023**

**Academic Assessment Plan**

**Program Goals**

1. To recruit quality students in graduate programs.
2. To strive to recruit and retain diverse study/faculty population.
3. To offer quality graduate courses within the Masters of Public Health program.
4. To seek external funding to support research and graduate assistants.
5. To promote faculty excellence in areas of teaching and advising.
6. To be involved in professional organizations and active conference presenters.
7. To continue to update technology (computers) to assist faculty and students in areas of teaching, research, service, and advising.
8. To produce and publish quality research.
9. To prepare program graduates with the knowledge, skills, and experiences needed to obtain employment and be successful in the field.
10. To continue to be aware of changing requirement and certification standards in the field.
11. To be sensitive to student needs and concerns, and seek feedback from students regarding the program.
12. To periodically evaluate the effectiveness of the program and faculty within the program.
13. To continue to update library holdings and acquisitions necessary to support learning and scholarly activities.
14. To continue to track and obtain program feedback from graduates.

**Student Learning Outcomes**

1. Students will be able to identify the major health behavior theories and discuss modes of application.
2. Students will be able to design a program and identify methods of evaluation.
3. Students will be able to use public health data for surveillance and programmatic decision making.

**Process for Assessing each Student Learning Outcome**

**1. Timeline for Assessment & Analysis**

Yearly

**2. Means of Assessment & (Desired Level of Student Achievement)**

**Direct Assessment:**

Mean GPA in PBHL 5613 Principles of Epidemiology (>3.0)

Mean GPA in PBHL 5563 Public Health Principles & Planning (>3.0)

Mean GPA in PBHL 5533 Models and Theories of Health Behaviors (>3.0)

**Indirect Assessment:**

Percentage of students who pass the Integrated Learning Experience (>80%)

**3. Report of results**

See Annual Academic Assessment Report below

**Department of Health, Human Performance and Recreation  
Masters of Public Health Program**

**Annual Academic Assessment Report 2022-2023**

**Results of analysis of assessment of Student Learning Outcomes following timeline stated above**

| <b>Assessment</b>  | <b>Outcome</b>    |
|--|-------------------|
| Mean GPA in PBHL 5613  | Spring 4.0        |
| Mean GPA in PBHL 5563  | Fall 3.85         |
| Mean GPA in PBHL 5533  | Fall 4.0          |
| Percentage of students who pass the Integrated Learning Experience | 100% (6 out of 6) |
|  |                   |

**Any changes to degree/certificate planned or made on the basis of the assessment and analysis**

The Masters of Public Health is currently going through the accreditation process and will submit the Self-Study in May 2023 and will conduct accreditation interviews during December 2023.

**Any changes to the assessment process made or planned**

No changes are planned unless requested by CEPH during the accreditation process.
