The TESOL program graduated 40 GC. students in 2021-22. Data collected are based upon broad goals versus specific TESOL and TESS standards.

Timeline for Data Collection and Analysis: Data is collected each semester at the application level since candidates' are expected to apply what they've learned to a project or classroom lesson.

Use of Results: All candidates were successful in completing the coursework at a mastery level. Since summer courses are popular, another option for the 5th course is offered 2nd summer session this year.
